

Allied Experts – CPA Firms

Charles Inderieden, CPA

In his role as Co-Managing Partner of Henry & Horne, LLP, Chuck Inderieden, CPA, PFS, is known for his commitment to client service, his team members and the growth of the Firm.

“I love my clients. I love the team. I love the history of Henry & Horne, LLP. I strive to keep my clients satisfied and at the same time keep the most important assets of the Firm satisfied – our talented team members.”

Chuck specializes in high-net worth individual, trust, estate and gift-tax planning and compliance engagements. He uses his technical expertise to bring value to his clients and focuses on caring for and responding to their needs. He is passionate about keeping up to date with new planning ideas that help his clients, as well as planning for the future of the Firm.

Chuck grew up in St. Cloud, Minnesota, where his parents still reside, and travels back there as much as he can to see them (in the summer time of course). Before joining Henry & Horne, LLP in 1996, Chuck spent nine years at a local CPA firm where he became obsessed with learning everything he could about estate, gift and trust planning. He attended St. Cloud University for two years, before transferring to Arizona State University and graduating with a Bachelor of Science in Accounting in 1987.

When he's not working, Chuck loves spending time with his family – his wife Stacey, son Kyle and daughter Ella. In his free time he likes to golf, watch the various Minnesota and Arizona sporting teams try their best to compete (a tough task), hike, work in the yard and travel. For those who know Chuck, they would also say he's obsessed with watching Phil Mickelson play golf whenever he can.
